Dear Mr. Heathfield
I have just been watching
your aeroplane and
I feel I must write a
word of congratulation
on its beautiful flight.
In the respect may

in which it went up
from and came down
to the water.

I was much disappointed
not to see it on Monday^{last}
as I was away from
home. but it is doing

much better today.
You must be pleased
after the long
patient trying.
I should think the
aeronautical papers
would call it an
"epoch-making event."
I wish you every

success in your further
experiments.

Yours sincerely
Amelia Symonds
